

# Measurement at home!!!

Find the following items around your home and measure the perimeter of each item.

(Perimeter = the sum off all sides of the object.)

Perimeter of Diary of a Wimpy Kid =  $11\text{cm} + 11\text{cm} + 20\text{cm} + 20\text{cm} = 62\text{cm}$

Find the following household items: please measure using centimeters (cm).

- 1) The Seat of a chair:
- 2) Front of a microwave:
- 3) Your pillow:
- 4) A hard cover book:
- 5) A paperback novel:
- 6) The front of cereal box:
- 7) A picture frame:
- 8) A tabletop:
- 9) Your bedroom door:
- 10) \*Your choice!\*: 😊
